FI efforts against Dong Han

UPDATE

- [redacted]
- On 2019 09 28, [redacted] provided a briefing to the secret cleared Liberal Party representatives regarding allegations of foreign interference by China in the Don Valley North Liberal nomination contest which took place on September 12.
- The following represents the information we have provided to the LPC:

Background

- [redacted] allegations of foreign interference by China in the Don Valley North Liberal nomination contest which took place on September 12.
- Some of these allegations include the following:

Busses being used to bring international students to the nomination process, in support of Han Dong, at the direction of PRC officials in Canada.

- [redacted]
- [redacted] the allegations are consistent with [redacted] PRC foreign interference activity in the Greater Toronto Area (GTA), which itself is [redacted]

SECRET//CEO

- [redacted] PRC interference in the GTA likely relies on a densely connected network of PRC-linked individuals working to advance PRC interests through Canadian democratic institutions by overt and covert means.
- This interference network is centred on four professional communities: political candidates, party staffers (including campaign officials), local Chinese-Canadian community members, and [redacted]
- Individuals leverage their overt positions within their respective communities in loose coordination with one another to clandestinely advance a PRC agenda in Canada's democratic institutions.
