PIFI - Canada Release 009 - March 27, 2024

CAN011691

2 of 6

For Public Release

Coordination

A focal point in the security and intelligence community for Government partners

- Create awareness of activities, share relevant information

- Engage with domestic and international partners

- Where mandates allow, respond against threats

Outputs

Baseline briefings on...

- SITE TF, community engagement and Threat landscape

Regular updates on...

- recent *strategic developments*

- specific *threats* the community has observed, and

- *responses* and pre-emptive action the government has taken

Way Forward

- Work is ongoing to refine products for monthly briefings for Minister Gould

- Ongoing engagement with foreign partners for lessons learned, trends

- Public awareness through announcement by Minister Gould in October
