Key follow-ups/questions:

NSIA:

- no follow-ups

Clerk

- likes idea of bringing in others (CDMRN, etc)
- loves idea of scenarios

GAC

- What if not a big incident (riding vs election)?
 - What are the single riding considerations?
- What is the baseline?
 - How to quantify/qualify?
 - What to say about it?
- What are the range of things the Panel can do?
 - What is the toolkit?
 - Integrate these into scenarios
- If Panel not operating until election period, what if something when Ministers are responsible?
 - Nothing done and then Panel finds out later?

Interestingly, the last question is exactly the scenario you proposed [redacted]

Also, we need to give consideration of how we outline the toolkit/suite of things the Panel can do for the second Panel meeting when they go through scenarios. Could this be an updated placemat that has the three columns on it?

We can discuss!

Thanks,

Sarah
