Webform Message:

China's ambassador gave a message to Chinese media in Canada, that Canadians (especially Chinese Canadians) to not vote for a Conservative government, then added additional threats of intimidation if they did.

See video here;

<https://www.youtube.com/watch?v=gdP9exBzPTE>

This is MASSIVE VOTER INTIMIDATION on any Chinese citizen with family or investments back in China. China's Social Credit system can attack and harass family back in China to be punished financially and physically on how Chinese Canadians voted.

Background;

Canada closed the Confucius Institutes that controlled Chinese students activities in Canada, and also served as a centralized spy and espionage hub. This forced China to send messages of control through its diplomats and through Canada based Chinese media.

China has executed several Canadians and holding other hostage in the last year.

This is a threat against not just Chinese Canadians, but ALL Canadians, and must be addressed.

I have also informed CSIS through this web page;

<https://www.canada.ca/en/security-intelligence-service/corporate/reporting-national-security-information.html>

Secondly all politicians must be investigated for links to China and/or their funding sources.
