Note specific to a particular service

*Playboy TV is only authorized for distribution at the specific request of a subscriber. Distributors are not permitted to package Playboy TV in such a way that subscribers are obligated to purchase Playboy TV in order to purchase any other programming service. Distributors are required to take measures to fully block the reception of both the audio and video portions of Playboy TV to subscribers that request it not be receivable in their home (in either unscrambled or scrambled analog form).

General notes

Authorization for the services and stations on this list is subject to the following:

- Providers of the non-Canadian pay and/or specialty services must have obtained and must remain in possession of all necessary rights for the distribution of their programming in Canada.
- Providers of the non-Canadian pay and/or specialty services must not hold, nor try to obtain, nor exercise, preferential or exclusive programming rights in relation to the distribution of programming in Canada.
- The Wholesale Code, set out in the appendix to *The Wholesale Code Broadcasting Regulatory Policy CRTC 2015-438*, 24 September 2015, applies as a set of guidelines for non-Canadian pay and/or specialty services. The Commission expects these services to conduct their negotiations and enter into agreements with their Canadian partners in a manner that is consistent with the intent and spirit of the Wholesale Code. In particular, non-Canadian services may not include terms in their affiliation agreements that prohibit the distribution of their services on a stand-alone, build-your-own-package or small package basis.

Decisions rendered by the Commission since the annual compilation of the List

The list above includes all the services listed in Appendix 2 to *Revised List of non-Canadian programming services and stations authorized for distribution - Annual compilation of amendments*, Broadcasting Regulatory Policy CRTC 2024-1, 8 January 2024.
