

## Fifth Decision on Bulk Entry of Exhibits

1. The purpose of this decision is to bulk enter additional documents as exhibits.
2. In my *Decision on Bulk Entry of Exhibits*, dated April 14, 2024, I explained the bulk entry process for adding exhibits to the record.
3. On July 18, 2024, I circulated a bulk entry list to the Parties. None of the Parties raised an objection to the entry of the listed documents.
4. The documents in question are translations of documents from one official language into the other that did not yet exist at the time of the Commission's hearings.
5. In my view, it would be appropriate to make the listed documents exhibits.
6. I order that the documents listed in the Appendix be made exhibits.

*Signed*
